rules, intermediate beliefs rigid imperatives usually with a must or should (my friend must always be there for me) An intermediate belief may be expressed as an \_\_\_\_\_

### **Intermediate Beliefs - Psychology ? with Boyd at Loma**

Belief systems can be classified into two basic flavors: science and religion. What are the distinctions between a science and a religion? At first glance one might be inclined to state that a science is a system where beliefs are derived from objective methodologies and that a religion is a system of beliefs based on faith.
