Regional critical infrastructure protection programmes European Union. The European Programme for Critical Infrastructure Protection has been laid out in EU Directives by the Commission (EU COM(2006) 786 final). It has proposed a list of European critical infrastructures based upon inputs by its member states.

### **Critical infrastructure - Wikipedia**

Critical infrastructure protection (CIP) is a concept that relates to the preparedness and response to serious incidents that involve the critical infrastructure of a region or nation.. The American Presidential directive PDD-63 of May 1998 set up a national program of "Critical Infrastructure Protection". In 2014 the NIST Cybersecurity Framework was published after further presidential ...
