School corporal punishment refers to causing deliberate pain or discomfort in response to undesired behavior by students in schools. It often involves striking the student either across the buttocks or on the hands, with an implement such as a rattan cane, wooden paddle, slipper, leather strap or wooden yardstick. Less commonly, it could also include spanking or smacking the student with the ...

BDSM is a variety of often erotic practices or roleplaying involving bondage, discipline, dominance and submission, sadomasochism, and other related interpersonal dynamics. Given the wide range of practices, some of which may be engaged in by people who do not consider themselves as practising BDSM, inclusion in the BDSM community or subculture is usually dependent upon self-identification and ...

Prosocial behaviour has its roots in infancy and early childhood. To fully capture its importance it is essential to understand how it develops across ages, the factors that contribute to individual differences, its moral and value bases, the clinical aspects of low and excessive prosocial behaviour, and its relevance for schooling.
