Correlations don't imply causality. Completely ignore the question of whether Facebook works (assume we are talking about Ren Ren or Google+). Focus on the fact that this was the launch of a powerful new new product via a continent-wide rebranding campaign using massive online and offline media buys.

Social media marketing is the use of social media platforms and websites to promote a product or service. Although the terms e-marketing and digital marketing are still dominant in academia, social media marketing is becoming more popular for both practitioners and researchers. Most social media platforms have built-in data analytics tools, which enable companies to track the progress, success ...
