The Simatic S5 PLC is an automation system based on Programmable Logic Controllers. It was manufactured and sold by Siemens AG. Such automation systems control process equipment and machinery used in manufacturing. This product line is considered obsolete, as the manufacturer has since replaced it with their newer Simatic S7 PLC. However, the S5 PLC still has a huge installation base in factories ...

About the authors. Terence Hogarth is based at the Institute for Employment Research (IER) at Warwick University. He has around 30 years' experience researching UK and EU labour and training markets. His recent work has concentrated on the operation of apprenticeship systems, and the measurement and assessment of skill mismatches in the UK and in the EU.

Technology, globalisation and the future of work in Europe

Surveillance is critical for improving population health. Public health surveillance systems generate information that drives action, and the data must be of sufficient quality and with a resolution and timeliness that matches objectives. In the context of scientific advances in public health surveillance, changing health care and public health environments, and rapidly evolving technologies ...
