My earliest electronics projects and my first robot were powered by regular alkaline batteries, and I didn't think about current or the capacity of those batteries. The batteries were prominently labeled "1.5V", and I was happy in my understanding that putting four in a battery holder got me to 6 volts; when the motors slowed down, it was time for new batteries.

The concept of a national championship in college football dates to the early years of the sport in the late 19th century, and the earliest contemporaneous polls can be traced to Caspar Whitney, Charles Patterson, and The Sun in 1901. Therefore, the concept of polls and national champions predated mathematical ranking systems, but it was Frank Dickinson's math system that was one of the first ...
