A mother is the female parent of a child. Mothers are women who inhabit or perform the role of bearing some relation to their children, who may or may not be their biological offspring. Thus, dependent on the context, women can be considered mothers by virtue of having given birth, by raising their child(ren), supplying their ovum for fertilisation, or some combination thereof.

Refrigerator mother theory is a discarded theory that autism is caused by a lack of maternal warmth. Current research indicates that a combination of genetic factors predominate in the cause of autism.. The terms refrigerator mother and refrigerator parents were coined around 1950 as a label for mothers and parents of children diagnosed with autism or schizophrenia.

Dear Pastor, When I stepped into your office two years ago, Diet Coke can in hand, I don't think either of us could have foreseen how far and wide our conversation would go. Turns out to every country in the world, save six in Africa and one in the Middle East with hundreds of thousands reading our letter.. And it got me thinking there has got to be a better way to honor mothers without ...
