See also Nonlinear partial differential equation, List of partial differential equation topics and List of nonlinear ordinary differential equations

**List of nonlinear partial differential equations - Wikipedia**

Here is a set of notes used by Paul Dawkins to teach his Differential Equations course at Lamar University. Included are most of the standard topics in 1st and 2nd order differential equations, Laplace transforms, systems of differential equations, series solutions as well as a brief introduction to boundary value problems, Fourier series and partial differential equations.
