

samples aptitude test guide pdf

The Defense Language Aptitude Battery (DLAB) is a test used by the United States Department of Defense to test an individual's potential for learning a foreign language and thus determining who may pursue training as a military linguist. It consists of 126 multiple-choice questions and the test is scored out of a possible 164 points. The test is composed of five audio sections and one visual ...

The connection between race and intelligence has been a subject of debate in both popular science and academic research since the inception of IQ testing in the early 20th century. There remains some debate as to whether and to what extent differences in intelligence test scores reflect environmental factors as opposed to genetic ones, as well as to the definitions of what "race" and ...
