

### **theories in second language pdf**

Theories of second-language acquisition are various theories and hypotheses in the field of second-language acquisition about how people learn a second language. Research in second-language acquisition is closely related to several disciplines including linguistics, sociolinguistics, psychology, neuroscience, and education, and consequently most theories of second-language acquisition can be ...

### **Theories of second-language acquisition - Wikipedia**

A person's second language or L2 is a language that is not the native language/first language/L1 of the speaker, but is learned by the speaker after his/her native language (usually a foreign language, see below). Additionally, a person's second language can be explained as the second language in the country the speaker lives in and they may be both used in daily life.
